(c.) To his Excellency Thomas Wharton junr. presidt of the Supreme Executive Council of the Commonwealth of Pennsylvania.

The Petition of the officers and others of the first Battalion of Northampton County Militia.

Sir,

That your petitioners from a thorough friendship to mankind in General, and by necessity of doing justice to the best friend of our common cause in this country are therefore desirous to inform the Honble. supreme Executive Council of this state that we your Petitioners labour under Great uneasiness and many disadvantages with respect to Executing both the Civil and Military laws of this State—Our magistrates and officers of the Civil law act so diametrically opposite to each other that; what one of our justices of the peace will appoint adopt or command another no higher in authority will immediately Countermand and entirely disannul, We therefore as a faithfull Body of true subjects to this state do most earnestly request an immediate redress of such conduct in the Officers of the Civil law now in authority in some parts of this County, and most humbly desire that the Hon'ble Supreme Executive Council of this Commonwealth be kindly pleased to take into Consideration such Conduct as we your petitioners have been just mentioning and that you will please to adopt such measures as may cause our civil laws to run in their proper Channel.—

May it please your Excellency, Sir, we would further inform you that we have been told (and we believe from Good authority too) that many of the disaffected men of this County (and the sect nominated Moravians in particular) have petitioned and are petitioning the Honorable Supreme Executive Council of this Commonwealth for a redress of their Griev-

ances which they say have been unconstitutionally inflicted on them, Sir as their opinion is as such of our happy Constitution, We your petitioners most earnestly desire and most humbly request that an immediate stop may be put to the petitions and petitioning of an unlawfull sett of Disaffected men till they take the Oath or affirmation of allegiance to this state, or till they have a greater authority to address any of our Legislative Bodies in this Commonwealth.

Your immediate compliance with this our most earnest desire, Honorable sir will ever Bind your petitioners in duty to pray &c. &c.

NOTE.

As the military records will be continued in the 6th Series of Archives it was thought best to include all the names in one index. Volume 15 of the 6th Series will, therefore, be the index for the eight volumes of the 5th Series and the fourteen volumes of the 6th Series.
